TechBridge East Africa Program Guide

Walter Koech, CEO

September 2025

Welcome to TechBridge East Africa

Empowering East African youth with digital skills for global opportunities.

Our Mission

To provide accessible tech training in coding, AI, data annotation, and agri-tech, targeting rural youth and women.

Programs

- **Python Coding**: Build apps and AI tools.

- **Data Annotation**: Work with global AI firms.

- **Agri-Tech Apps**: Innovate for farmers.

- **Digital Marketing**: Master SEO and social media.

Impact

- 500+ youth trained

- 200+ jobs created

- 50% women empowered

- 75% course completion
